

GASP Motor Project

Consent form (Parent or guardian)

Full Name of parent or guardian

Full Name of student Male/Female

Address

Date of Birth

I understand that: - GASP takes all the normal precautions suitable for the activities involved in its sessions but can not guarantee that no problem will ever occur;

- the equipment used is completely safe if used correctly but otherwise can cause injury;
- tools used include saws, chisels, files hammers, a welder, an electric drill, a jigsaw and an angle grinder
- there are a car lift, a tyre air compressor, a parts washer, a media blaster and a trolley jack
- fluids used include oil, grease, fuel and paint
- it is vital that all students do not use any tool, fluid or other equipment until shown the correct way to use it, and only use it in that way
- GASP can not guarantee that all students will always use items correctly.
- sessions can involve off-road driving or other "off-site" activities.
- **it is important for the safety of the student and for the safety of the group that any rules and any instructions given by the staff in charge are obeyed.**

I have read, understand and agree the GASP Motor Project Terms and Conditions (Edition 2).

I have considered whether I have or should take out insurance to cover the potential liabilities on my part set out in the GASP Motor Project Terms and Conditions (including whether the activities to be undertaken in GASP sessions are excluded from cover) and am satisfied in that connection.

Health: The student has - no illness, allergy or physical disability * the following illness, allergy or physical disability * **Cross out which does not apply*

.....

which necessitates the following medical treatment

.....

The student is physically and mentally fit enough to participate in all GASP sessions, including karting.

I consent to the student receiving minor first aid treatment by GASP staff or volunteers and to any medical treatment which in the opinion of a qualified medical practitioner may be necessary.
